About Us

The Illinois Public Pension Fund Association is the largest association of its type in Illinois. Over 500 public pension funds belong to the IPPFA. The association was founded in 1985 as a not-for-profit umbrella association to represent the police and fire defined benefit retirement funds throughout the state. The goals of the founding members were simple: educate pension fund trustees and active and retired members, provide advice and representation for pension funds and support legislation beneficial to Illinois Pension Funds. In 2001, the IPPFA Board of Directors introduced propriety 457 deferred compensation and VEBA plans to further ensure the retirement security of public safety personnel.
